How to Use This Planner

Printing tips, navigation and terms of use

Thank you!

1

PRINT

Print at 100% (Actual Size, no scaling) on A4 paper. Choose black and white or draft mode to save ink: the pages use light colors and lots of white space.

2

FILL IT IN

Click any line or box to type, then save your progress. Works in Adobe Acrobat Reader and most modern PDF viewers. Printing a filled page works too.

3

NAVIGATE

Tap Contents at the bottom of any page to jump back to the table of contents. Tap any line there to open that page instantly.

4

REPEAT

Need more pages? Print as many copies of any page as you like for your own household.
